

Using AQUADA-GO Tokens (FASTAPI)

1 Login

2 Go to account

The screenshot shows the AQUADA-GO user interface. At the top left is the logo 'AQUADA-GO'. The navigation bar includes links for HOME, USING AQUADA-GO, OPEN DATA, PUBLICATIONS, and CONTACT. On the right side of the navigation bar are links for Simulations, Access endpoints, and Release Notes. Below the navigation bar, the page is titled 'YOUR ACCOUNT:' and displays a welcome message: 'Welcome to your Admin account Steen Hjeltn Madsen!'. Under the heading 'User Management', there is a 'MANAGE USERS' button. Under the heading 'Token generation', there are 'CREATE TOKENS' and 'MANAGE TOKENS' buttons. At the bottom of the page, there is a blue footer containing the DTU Wind Energy logo and text: 'DTU WIND ENERGY is a globally leading centre for wind energy with technical-scientific competences in the international field, and with a unique integration of research, education and public/private sector consulting.' To the right of the logo, the address is listed: 'ADDRESS: DTU WIND CAMPUS, Frølandsvej 399, 4000 Roskilde, CVR: DK3000286'.

3 Create a token and copy it

The screenshot shows the 'CREATE NEW TOKEN' page in the AQUADA-GO interface. The navigation bar is identical to the previous screenshot. The main content area is titled 'CREATE NEW TOKEN'. It features a 'Token Name:' label followed by a text input field containing the value 'testtest'. Below the input field is a small note: 'This name helps you identify your token later.' At the bottom of the form is a 'GENERATE TOKEN' button. The footer at the bottom of the page is identical to the previous screenshot, featuring the DTU Wind Energy logo and address information.
